

Bringing Comfort & Care to Pediatric Patients in Their Homes

Specialty Infusion Services and Quality Care

Our team of locally based pharmacists, licensed nurses, and experienced support staff work together with the patient's physician to provide a safe and convenient treatment option for even the youngest patients.

Comprehensive Patient Care

- Flexible infusion treatment hours
- Children receive care in the privacy and comfort of their home
- Parents and family have increased autonomy and can go about daily activities
- Continuity of nursing care
- Provide each patient and family with thorough, easy-to-understand education and training
- Cost effective infusion care: covered by most insurances
- 24/7 On-call Nursing and Pharmacy support
- Available for acute and chronic care needs

What Sets Amerita Apart

- Easy, one-call referral with fast turnaround and benefit check
- Customized services to meet patient needs
- Friendly and accessible staff
- Reimbursement specialists to help navigate insurance and benefit programs
- Comprehensive care coordination
