**Statement of Need:** As planners of a Pediatric Emergency Medicine (PEM) conference, the platform this year emphasizes the basic skills of our profession. This includes navigating difficult airways, respiratory distress, cardiac arrest, and toxic ingestions. In the wake of a surge in pediatric respiratory illness, these practices have been extremely important. Professional practice gaps result from not all healthcare providers being constantly up-to-date on the most recently discovered evidence-based practices in PEM, specifically in trauma care and use of simulations for education.

**Program Objectives:** All Northwell Health CME activities are intended to improve patient care, safety, and outcomes. At the conclusion of this conference, patients should be able to:

**Identify** the 'red flags' in the history and physical exam of patients presenting with chest pain to manage efficiently.

**Apply** the skills and knowledge gained from the presentation to navigate and manage a challenging airway.

**Discuss** 'one pill can kill' medications and how to effectively manage subsequent care.

**Target Audience:** This program was designed for physicians, nurse practitioners, and students of the health professions. All other members of the healthcare team including physician assistants, nurses, residents, and medical students are invited to attend.

**Joint Accreditation Statement:** In support of improving patient care, Northwell Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

### Credit Designation Statements

**Physicians:** Northwell Health designates this activity for 6.5 AMA PRA Category 1

*Credits*<sup>™</sup>. Physicians should claim only credit commensurate with the extent of their participation in the activity.

**Nurses:** Northwell Health designates this activity for 6.5 ANCC contact hours.

**Physician Assistants:** Northwell Health has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 6.5 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation."
