

# SVIN Cerebral Venous Disorders Symposium

## Hosted by Northwell

**Thursday, September 18, 2025 ▪ 8:00 am–5:35 pm (EDT)**  
*Live Interprofessional Continuing Education conference;  
also offered via Zoom.*

**Friday, September 19, 2025 ▪ 8:30 am–12:30 pm (EDT)**  
**In-Person Workshop for Fellows ONLY**

**New York Academy of Medicine ▪ 1216 5th Ave, New York, NY 10029**

This activity was planned by and for the healthcare team, and learners will receive 6.25 Interprofessional Continuing Education (IPCE) credit for learning and change.

**SCAN  
QR CODE  
to register**

### **Course Director**

**Athos Patsalides, MD, MPH**  
Chief of Neuro Interventional Surgery  
North Shore University Hospital  
Northwell Health

### **Keynote Speaker**

**Roberto De Simone, MD**  
University of Naples  
Naples, Italy

## SVIN Cerebral Venous Disorders Symposium ▪ Hosted by Northwell

Thursday, September 18, 2025 ▪ 8:00 am-5:35 pm (EDT)

Friday, September 19, 2025 ▪ 8:30 am-12:30 pm (EDT) Fellows Workshop (in Person)

New York Academy of Medicine ▪ 1216 5th Ave, New York, NY 10029

Live Interprofessional Continuing Education conference; also offered via Zoom

### Program Agenda ▪ Thursday September 18th

8:00 am **Breakfast/Exhibit Hall**  
*President's Gallery - 1st Floor*

8:30 am **Opening Remarks**  
*Hosack Hall Auditorium - 1st Floor*

Athos Patsalides, MD, MPH

Fawaz Al-Mufti, MD  
Society of Vascular and Interventional Neurology

8:40 am **Keynote Presentation**  
**Venous Sinus Stenosis and Headaches: The Next Frontier**  
Roberto De Simone, MD

9:15 am **PANEL DISCUSSION**  
Panelists: Athos Patsalides, MD, MPH and Roberto De Simone, MD

**Session I: Venous Sinus Stenosis/Intracranial Hypertension** Moderator: Vitor Mendes Pereira, MD

9:30 am **Is There a Need for Venous Sinus Stenting Trials?**  
Marc Dinkin, MD

9:45 am **The Role of the Glymphatic System in Intracranial Hypertension**  
Stephanie Lenck, MD

10:00 am **Venous Sinus Stenting to Treat Rebound Intracranial Hypertension after CSF Leak Embolization**  
Waleed Brinjikji, MD

10:15 am **Complications of Venous Sinus Stenting and How to Avoid Them**  
Michael Abraham, MD

10:30 am **Venous Sinus Manometry: Intricacies and Ways to Optimize Patient Selection**  
Maksim Shapiro, MD

10:45 am **PANEL DISCUSSION**  
Panelists: Michael Abraham, MD; Marc Dinkin, MD; Maksim Shapiro, MD; Stephanie Lenck, MD; & Waleed Brinjikji, MD

11:00 am **Break/Exhibit Hall**  
*President's Gallery - 1st Floor*

**Session II: Pulsatile Tinnitus** Moderator: Athos Patsalides, MD, MPH

11:15 am **Surgical Repair of Dehiscence and Venous Sinus Aneurysms**  
David Eisenman, MD

11:30 am **Is Catheter Angiography Necessary for the Work Up of Pulsatile Tinnitus?**  
Eytan Raz, MD

## Program Agenda ■ Thursday September 18th [Cont'd.]

- 11:45 am **Venous Causes of Pulsatile Tinnitus: Diagnosis and Treatment**  
Mohamad Abdalkader, MD
- 12:00 pm **Ophthalmological Findings in Patients with Pulsatile Tinnitus**  
Vitor Mendes Pereira, MD
- 12:15 pm **PANEL DISCUSSION**  
Panelists: David Eisenman, MD; Eytan Raz, MD; Mohamad Abdalkader, MD;  
& Vitor Mendes Pereira, MD

12:30 pm **Lunch/Exhibit Hall**  
*Periodicals Room- 3rd Floor*

**Session III: Innovation (NO CE CREDIT FOR THIS SESSION) Moderator: Ajay K. Wakhloo, MD, PhD, FSNIS, FAHA**

- 1:00 pm **The "River Stent": 3-Year Results of the River Study**  
Pierre Gobin, MD
- 1:15 pm **The "VivaStent"**  
Anat Horev, MD
- 1:30 pm **The "BossStent": Clinical Experience**  
Vitor Mendes Pereira, MD
- 1:45 pm **CFD Based Simulation for the Intracranial Venous System**  
Ali Alaraj, MD
- 2:00 pm **Improving Brain Perfusion Using a Novel Transvenous Approach**  
Omer Doron, MD, PhD
- 2:15 pm **E-Shunt: Potential Treatment for Intracranial Hypertension**  
Charles Matouk, MD

2:30 pm **Break/Exhibit Hall**  
*President's Gallery - 1st Floor*

**Session IV: Cerebral Venous Thrombosis Moderator: Lee Birnbaum, MD, MS**

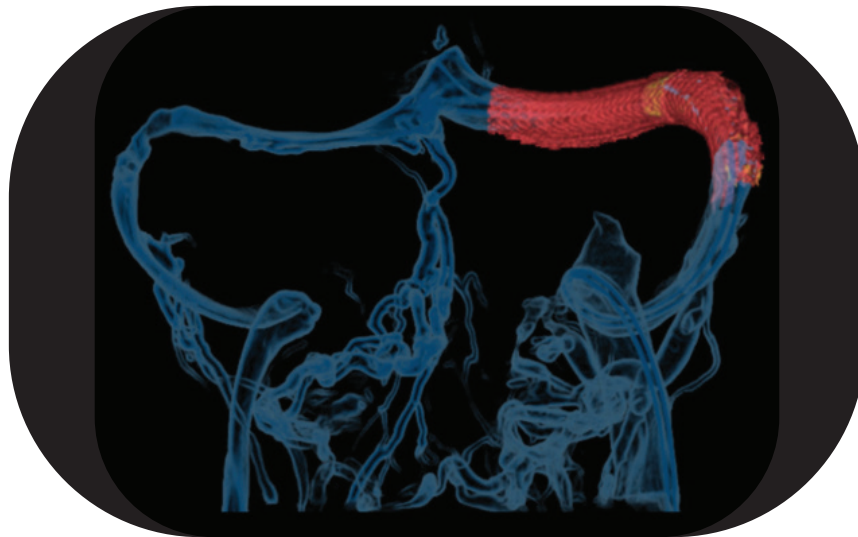

- 3:00 pm **Cerebral Venous Thrombosis: Medical Therapy First (or Not?)**  
Richard B. Libman, MD, FRCPC
- 3:15 pm **Cerebral Venous Thrombosis: Endovascular Therapy First (or Not?)**  
Ian Kaminsky, MD
- 3:30 pm **Recanalization of Chronic Venous Sinus Thrombosis**  
Timothy White, MD
- 3:45 pm **PANEL DISCUSSION**  
Panelists: Richard B. Libman, MD, FRCPC; Ian Kaminsky, MD & Timothy White, MD

## Program Agenda ■ Thursday September 18th [Cont'd.]

Session V: Internal Jugular Vein Stenosis

Moderator: Sheng-Fu Larry Lo, MD

- 4:00 pm **Extracranial Venous Stenosis—Non-Surgical Management Options**  
Yoon-Hee Cha, MD
- 4:15 pm **Stenting for IJV Stenosis: Patient Selection and Outcomes**  
Kyle Fargen, MD
- 4:30 pm **Refinement of Indications for IJV Decompression**  
Amir Dehdashti, MD
- 4:45 pm **Angiographic Evaluation of IJV Stenosis**  
Athos Patsalides, MD, MPH
- 5:00 pm **Surgical Approach to IJV Stenosis at the C1 Level**  
Peter Constantino, MD
- 5:15 pm **PANEL DISCUSSION**  
Panelists: Yoon-Hee Cha, MD; Kyle Fargen MD; Amir Dehdashti, MD; Athos Patsalides, MD, MPH & Peter Constantino, MD
- 5:30 pm **Closing Remarks**  
Athos Patsalides, MD, MPH
- 5:35 pm **Conference Concludes**

## Program Agenda ■ Friday September 19th ■ FELLOWS WORKSHOP

- 8:25 am **Welcome/Introduction**  
Athos Patsalides, MD, MPH
- 8:30 am **Cerebral Venous Thrombectomy:  
Patient Selection, Techniques**  
Ian Kaminsky, MD
- 9:00 am **Embolization for CSF Venous Fistulas:  
Patient Selection, Techniques**  
Thien Huyhn, MD
- 9:30 am **Seeing the Unseen:  
Redefining Cerebral Venous Anatomy through Imaging Innovation**  
Omar Choudhri, MD, MHCI, FAANS, FCNS
- 10:00 am **Venous Sinus Stenting:  
Patient Selection, Techniques**  
Athos Patsalides, MD, MPH
- 10:30 am **Dural Arteriovenous Fistulas (I)**  
Athos Patsalides, MD, MPH
- 11:00 am **Dural Arteriovenous Fistulas (II)**  
Thomas Link, MD
- 11:30 am **Carotid Cavernous Fistulas**  
Athos Patsalides, MD, MPH
- 12:00 pm **Q & A**
- 12:25 pm **Closing Remarks**  
Athos Patsalides, MD, MPH
- 12:30 pm **Workshop Adjourned**
